

## GOT LIGHT?

It was super dark at 4am. There was no moon, and the stars twinkled in the cool crisp air. This was mountain lion and rattlesnake country, and I had to walk a distance alone up a rock path with nothing more than a cheap flashlight and a little luck. As the batteries weakened, the beam flickered ever so slightly. How I wished for more light in the suffocating darkness. That alone would have given me more security with so many dangers around me. I prayed as one who is directionally challenged would pray, that I wouldn't get lost.

We walk a perilous existence. There are dangers and predators every few steps. How are we to navigate the way with the assurance that we are going the right direction? What do we have at our disposal to scare the dangers away?

Psalm 119:105

Your word is a lamp to my feet  
and a light to my path.

The answer is God's Word!

- It isn't cheap
- It doesn't flicker or lose power
- It sends predators running
- It's ample illumination provides complete security
- It gets you to your destination successfully
- It removes our fear

Psalm 119:130

The unfolding of your words gives light;  
it imparts understanding to the simple.

Do you have that light guiding you on your faith journey?
